“WE ALL HAVE BAGGAGE”

- ✈️ My husband Michael and I were returning to Paris from New York. At the time, we were living in Paris on a three-year assignment for Michael’s firm. We had both traveled most of our adult lives—he as a management consultant responsible for his company’s global office structure and myself as a flight attendant for a large international airline.

We had checked luggage on this trip and made our way to the baggage claim area of Charles de Gaulle Airport. As we stood there waiting for our bags, we were struck by the fact that no matter where in the world we were, the scenario was always pretty much the same. First, the recorded announcement: “Be careful! Many bags look alike, be sure that the bag you take is your own!” Secondly, that many people have developed creative ways to identify their particular bags using ribbons, ropes and tapes. One of the more curious we saw was a trio of hair scrunchies tied around a handle!

At that point, it came to me. An idea that involved “dressing your bag”...a way to make luggage easy-to-identify and add much-needed style. Not with tape, ribbon, rope or hair scrunchies, but in a way that puts the fun in functional!

We’d like to present to you Travel Chic, our line of distinguishing luggage accessories, including chic luggage tags, handle wraps, decorative tassels, keychains, etc. Whether your style is conservative or fun, elegant or funky, Travel Chic has what you need. It’s true, “We all have baggage”...so dress your bags in a style that’s all your own! And remember, “When you travel, Travel Chic!”

Happy Travels,

Kay Tonicall
